- CDPH Mega Events Guidelines – [Link]

In-Person Activity Guidance at UC Davis

The following guidelines apply to events hosted by UC Davis departments/units, including:

- **Trainings**: When non-affiliates are registered/enrolled in continuing education, lifelong learning, seminars, workshops, and other non degree-granting educational programs

- **Camps**: Summer youth camps, sports camps

Recent Updates (Mar. 23)

- 100-person event rules eliminated
- Event safety plans no longer required
- Vaccine Verification / Negative Testing - strongly recommended for mega events

Hosts should screen for Daily Symptom Survey results and vaccine/testing requirements as described below. For additional detail on the campus public health guidance, visit the [Public Health Policies & Requirements page](#).
## Close Contacts and Quarantine - April 2022

### Table 2: Close Contacts - General Public
(No Quarantine)

<table>
<thead>
<tr>
<th>Asymptomatic Persons Who are Exposed to Someone with COVID-19 (No Quarantine)</th>
<th>Recommended Actions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Everyone, regardless of vaccination status. Persons infected within the prior 90 days do not need to be tested, quarantined, or excluded from work unless symptoms develop.</td>
<td>• Test within 3-5 days after last exposure. • Per CDPH masking guidance, close contacts should wear a well-fitting mask around others for a total of 10 days, especially in indoor settings and when near those at higher risk for severe COVID-19 disease (see masking section below for additional information). • Strongly encouraged to get vaccinated or boosted. • If symptoms develop, test and stay home (see earlier section on symptomatic persons), AND • If test result is positive, follow isolation recommendations above (Table 1).</td>
</tr>
</tbody>
</table>

In some workplaces, employers are subject to the Cal/OSHA Aerosol Transmissible Diseases (ATD) Standard and should consult those regulations for additional applicable requirements.
